LOCTITE®
3D PRINTING RESINS CERTIFIED FOR Carbon®

LOCTITE® 3D IND147

- Tough with good dimensional stability
- High heat deflection temperature
- Expectational surface quality

NA IDH: 2904356
EU IDH: 2909074

LOCTITE® 3D 3843

- Moderate heat resistance, HDT 60° C
- Tough with outstanding surface finish
- Superior strength and impact resistance

NA IDH: 2922910
EU IDH: 2923119

LOCTITE® 3D IND405

- Toughest clear resin for 3D Printing
- Outstanding surface finish
- High impact resistance with high elongation

NA IDH: 2697115
EU IDH: 2699186

HOW TO PURCHASE

North American customers can purchase resins online from our distributor partners at Matterhackers.

European customers can purchase resins from our distribution partners at InnoTech. Send your purchase orders to 3Dprinting@innotechtech-rot.de. Customers can also also call +49 (0) 7253 - 988 855 – 70 to request a quote or order via credit card.

Learn more about LOCTITE 3D printing resins and see how our materials are being used on LoctiteAM.com. Contact us at Loctite3DP@henkel.com
